

FREE WEBINAR - Intro to Aviation Weather Briefings

Intro to aviation weather is for the student or new pilot or the very rusty pilot. In this 60 minute webinar (plus 20 minute Q&A) you'll learn:
A simple way to understand the vast information provided in a briefing

What information you must check before flying and why

How to decipher METARs and TAFs

Learn more about making go/no go decisions

What you need to do when you hear "VFR flight not recommended"

The best and easiest way to get a safe weather briefing

Plus we'll walk through a briefing to help you gain confidence.
